

# Firefox Configuration

Click the **Firefox** button in the upper-left hand corner of the Firefox window to open the menu list

Then click **Options** in the right column to open the Options dialog

Click the **General** icon above

Select “Always ask me where to save files”

Click the **Applications** icon at the top

Scroll down to **Adobe Acrobat Document**

Click the right-column and select “**Always ask**” from the list

Click **OK** when done
